

# Register your ministry to raise funds with *Faith Today*

***Faith Today* will pay your group \$10 for each subscription sold. Regular annual subscriptions cost \$29.99 in Canada. Your group handles no customer funds or customer information.**

***How it works:*** Your group must be associated with a charity such as a Christian school or church congregation that is registered with the Canada Revenue Agency. Use the tear-off form below to let us know your group wants to participate in our fundraising program.

**We'll respond** by sending you the number of sample magazines and business-reply envelopes that you request. We'll also send a PDF version of the sign-up form specially marked with the name of your group that you can either print out copies of or distribute electronically.

**Your group** does not handle customer information. Instead, your customers can place their orders at our secure online webpage, where they can choose to enter their credit card information (they will have to choose which fundraising group their order is associated with before the transaction can be completed). Alternatively, customers can fill out the specially marked paper order form, attach a cheque or fill out credit card information, and mail it in the provided business-reply envelope.

If sales associated with your group are made during a given month, we will send you a cheque for \$10 for each sale, made out to the CRA-registered name of your charity.
